SOFT ELEGANCE FROM NATURE

Resembling the shape of nature's beehive, Eos Evia is a magnetic design piece with an irresistible tactility. The Eos Evia lampshade will be the centre of attention hanging as a chandelier in the living room or hallway. The name Eos originates from Greek mythology, the goddess of the dawn, referencing how the lampshade looks like clouds in the sky and the two new shapes are no different. named after the two daughters of the designer. The shapes Evia and Esther are opening new expressions and possibilities together with the existing Eos collection.
