- Available in predefined combinations
- Duvet padding for enhanced softness and comfort
- Deep seats with high or low armrests create a relaxed expression
- Available in a range of fabric and leather options
- Suitable for private and public environments
- Qualified for contract use

MAGS SOFT & MAGS SOFT LOW SOFA DESIGN BY HAY

Rounded edges and soft cushions create a milder, relaxed tone with the Mags Soft Sofa.
Optimal comfort and durability are ensured by the sofa's solid construction, which has been built using durable, high-density foam and covered with a duvet for extra softness. The low frame has a distinctly lounge feel, which is reinforced by the deep seats and results in an open, welcoming space. The wide range of functional modular units mean the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the numerous high quality upholstery options allow the sofa to find its own personality. The Mags Soft series also includes the Mags Soft Low Armrest model.

Mags Soft Low Armrest 3-Seater Combination 1 | Tartaglia 861 & white stitching

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC®-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
