Melt Fat Cone Table Light

Copper Polished Polycarbonate

The Melt Fat Cone Table Light is a beautifully distorted table light with an integrated LED module. The Melt collection features an avant-garde design that undergoes a mesmerising optical transformation, shifting from a hyper-reflective mirror finish when off to a translucent, hot-blown glass effect with a rich depth when illuminated. Made in Germany using high-tech manufacturing, this striking series pairs cutting-edge engineering with organic form to manipulate light and reflection, creating a dramatic focal point.
