Praline pouf

Designed by Beaverhausen

English text

Drawn from an outline of small, filled chocolates, the Praline pouf forms a well-composed and bold silhouette that appears instantly recognisable. With its neat stitching details, the soft top invites you to take a comfy seat yet it remains flat enough to serve as a convenient tray holder. This fully upholstered pouf welcomes generous contours and a versatile design, ensuring it finds the perfect place in your home.

Place it in front of your sofa for your feet to rest, in the hallway for easy shoe changing, aligned with the bed, or use it as an adaptable seating solution for guests when in need of an extra seat. All elements share the same height, allowing effortless coordination, both in terms of shape and colour.

Designed by Beaverhausen

Beaverhausen is a Brussels-based design studio founded by the couple Mimy A. Diar and Ad Luijten. Both have backgrounds as Art Directors in communication, which is expressed in the strong sense of storytelling that is reflected in all their designs.

Danish text

Inspirationen bag Praline-puffen trækker tråde til de små fyldte chokoladers konturer, hvilket resulterer i en harmonisk og let genkendelig silhuet. Med sine dybe syninger indbyder det bløde sæde til at tage plads, samtidig er toppen flad nok til at stille en bakke på. Den fuldt polstret puf byder på generøse kurver samt et alsidigt design, der gør den velegnet til ethvert rum i dit hjem.

Placer den foran din sofa, så du kan hvile fødderne, for enden af sengen eller brug den som en fleksibel siddeplads til gæster, når du har brug for en ekstra stol. Alle varianterne har samme højde, hvilket indbyder til at kombinere dem i både form og farve.

Designet af Beaverhausen

Beaverhausen er et designstudie fra Bruxelles grundlagt af parret Mimy A. Diar og Ad Luijten. Begge har en baggrund som Art Directors i kommunikation, hvilket kommer til udtryk i den stærke historiefortælling, der afspejles i alle deres design.
