

Criosfera - Table - Vertical - 3000K

Giulia Foscari UNA / UNLESS

IP20 

LUMINAIRE

- Watt: **17W**
- Delivered lumen output: **2022lm**
- CCT: **3000K**
- Efficiency: **93%**
- Efficacy: **118.94lm/W**
- CRI: **90**
- Dimmer Typology: **Push button Dimmer**

DESCRIPTION

"Criosfera, the cryosphere, encompasses all components of the Earth System that are frozen. 90% of such ice is in Antarctica. That same ice is the largest repository of data on our climate history. It is a time capsule that enables scientists to trace the climatic history of our planet, extracting from captive air bubbles trends of CO₂, greenhouse gasses and temperature from past glacial and interglacial eras.

The quintessential marker of climate change is thus the Ice Core, a cylinder of stratified ice extracted from the depths of our planet's ice sheets. The Ice Core thus becomes the element that creates awareness and calls to action.

Abandoning its frozen form, the Ice Core of Criosfera consists of a layering of blown recycled glass with an optic core that learns from the refractive nature of the ice surface of the Antarctic plateau to maximise the diffusion of light, and evokes the stratification of the polar ice."

Criosfera is therefore a synthesis of optical, material and scientific knowledge which translates into a manifesto of values between the present and the future.

The external blown glass cylinder is the structure inside which the optoelectronic engine disappears without visible shadows. Its limits and its uniqueness are linked to the craftsmanship. Engraving are impressed into the hot glass before blowing and makes its thickness wavy and irregular. It contains the measured perfection of optical extrusion whose section diffuses the light without making the sources inside visible.

This element fits into the space with three different essential structures, which refer to the scientific instruments used to extract and analyze ice cores. They are composed of surfaces made with laser cutting, a technology that optimizes the use of materials.

FEATURES

- Product Code: **1829010A + 1826010A**
- Colour: **Brushed Aluminum**
- Installation: **Table**
- Material: **Aluminum, glass**
- Series: **Design Collection, Novelties**
- design by: **Giulia Foscari UNA / UNLESS**

DIMENSIONS

- Height: **536 mm**
- Diameter: **100 mm**
- Base Diameter: **205 mm**
